• • •
C - CITRA DISINFECTION is an excellent general-purpose disinfectant, that will clean floors, walls and benchtops whilst leaving a long-lasting fragrance.

C - Citra Disinfection is designed to effectively and efficiently clean, disinfect and deodorize most surfaces, including wooden floors, tiles, laminate and bathroom areas including toilets and basins. Not suitable for marble.

C - Citra Disinfection will not leave streaks and won't need to be rinsed with water.

DIRECTIONS FOR USE

HARD FLOORS

C - Citra Disinfection can be applied by mop, brush or spray to the affected area, allow to stand for two to three minutes then wipe or mop up.

Dilute at the rate of 1/2 cup to 1 cup per bucketful (up to 2.5:100 water), preferably in warm to hot water.

250mls = 1 Cup

Allow flooring to completely dry before using

Rinsing off not necessary

SAFETY NOTES

C - CITRA DISINFECTION is not a poison and is not classified as hazardous under Worksafe provisions. Refer to Safety Data Sheet for further information.
